the crystal collection

EXCLUSIVE CLEAR AND
COLOURED CRYSTAL
DESIGNS

Our stunning crystal creations combine deep cut clear bevels, intricate backing textures and if required, a splash of dynamic colour. In addition to exuding brilliance, crystal glass designs will dramatically reduce sound transmission and will protect your internal decoration from the fading effects of UV light.

the fused collection

UNIQUE HAND MADE ART GLASS DESIGNS

Each fused design is skilfully handmade created by fusing together different colours of molten glass. The effect is a unique soft edged design that brings the glass colour and door panel to life with vivid, bold and contemporary styles.

Rome One Fused Diamonds

Blenheim One Fused Lily

Seville Fused Blue Squares

Seville Fused Blue Diamonds

Fused Diamonds Glass Detail

Seville Fused Blue Flowers

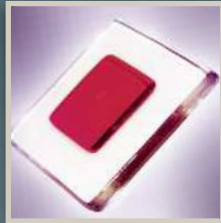

Kensington Two Fused Tivoli

Please Note By the very nature of its manufacture using molten glass, fused designs may contain minor imperfections, these are all part of the fused creation process and contribute to the unique nature of its design.

Colour Options

Most panels featured are available in white and a choice of wood grain finishes.

Core Materials

Hurst Plastics door panels are manufactured using a high technology technique that bonds two PVC-U skins to a variety of core materials and ensures the integrity of the panel for heat and moisture. Depending on the degree of security required, our panels can be supplied using a choice of core material.

The Type A Expanded Polystyrene we use is classified under BS 476 and is totally recyclable, non toxic and inert. It contains no CFC's or HFC's and contains a fire retardant additive tested to BS 4735, formulated to restrict the extent of burn.

Accessories

A wide range of door furniture is available in a choice of white, black, gold & chrome colour options.

with personalised glass only from hurst

For those that want more than transfers, resin or films, Hurst can now offer a new and exciting breakthrough in personalised glass.

Direct digital glass printing technology (DDG) gives true photographic reproduction quality, directly onto glass, allowing your customers to capture a cherished moment, loved one, pet or family member from their own digital image every time they walk through their door. This unique image process is fully guaranteed, weather and UV fade resistant, so will look good for years to come.
